

New setting "Recognize the whole line"

Keywords: Activating "Recognize the whole line" enables the recognition of complete lines. Without this option, the value can be cut off at special characters, for example.

The screenshot shows the 'deepO training' interface. On the left, a sidebar contains several settings:

- This address - This box** (with a blue '1' icon)
- All addresses - This box**
- Document type: Invoice (Received)
- Field: Project
- Address: (dropdown arrow)
- Keywords German**
 - Keywords: (input field with a globe icon)
- Position keywords**: Left (dropdown menu)
- Recognize the whole line**: (highlighted with a red box)
- Expression**: No expression recorded (input field with a blue '...' icon)
- The expression is applied to the detected value.

The main area shows a document titled '7777 ABACUS-DEM'. The document content is as follows:

Rechnung Nr. R-1200

Lieferanten-Nr. 7
 Unser Zeichen
 Ihr Zeichen
 Projektnummer IHE / 900000
 Bemerkung

Pos	Produktbezeichnung
10	0320 - Tyro Ablagebox schwarz / weis tyro Ablagebox tyrowave mit 4 geschlossenen Schubladen <ul style="list-style-type: none"> • Stapelbare Box aus schlagfestem Kunststoffregenerat • Außenmaße: 270 x 355 x 240 mm, • Farben: Gehäuse weiss, Schubladen schwarz

Various bug fixes and improvements, such as

- Bug fixed where sorting in file explorer did not work in special situations
- Bug fixed where password protected files could not be opened in special situations
- Improved URL handling
- Enhancements to sidebar navigation in Tablet & Mobile Viewports
- Improvements to handling of cases where virus scan is not possible or detects potential threat
- Improved file preview on Tablet viewport

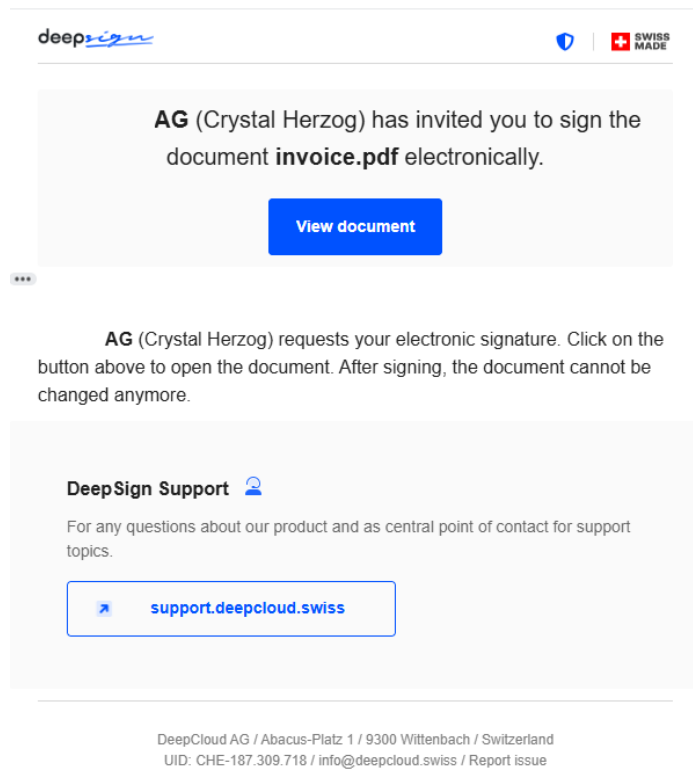

Abaninja is being renamed to DeepNinja

deepninja

Display of weak verification removed

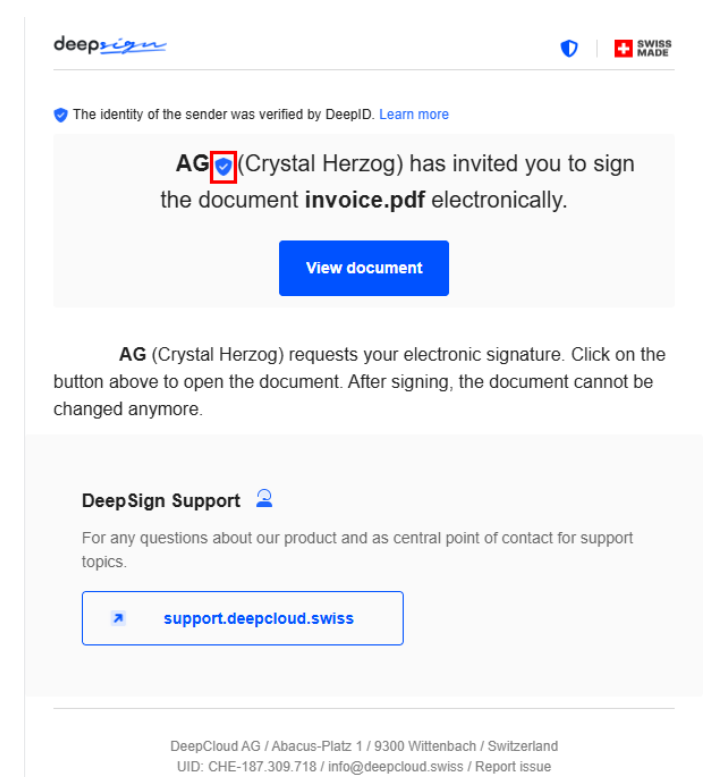

For mails generated from DeepBox or DeepSign, only the icon for strong verification is displayed

weak verification

The screenshot shows an email interface for DeepSign. At the top left is the 'deepsign' logo, and at the top right are icons for a shield and 'SWISS MADE'. The main content area has a light gray background with the text: 'AG (Crystal Herzog) has invited you to sign the document **invoice.pdf** electronically.' Below this text is a blue button labeled 'View document'. Underneath the button is a three-dot menu icon. Further down, the text reads: 'AG (Crystal Herzog) requests your electronic signature. Click on the button above to open the document. After signing, the document cannot be changed anymore.' Below this is a section for 'DeepSign Support' with a user icon, followed by the text: 'For any questions about our product and as central point of contact for support topics.' At the bottom of this section is a blue button with a link icon and the text 'support.deepcloud.swiss'. The footer contains the text: 'DeepCloud AG / Abacus-Platz 1 / 9300 Wittenbach / Switzerland' and 'UID: CHE-187.309.718 / info@deepcloud.swiss / Report issue'.

strong verification

The screenshot shows an email interface for DeepSign, similar to the weak verification version. At the top left is the 'deepsign' logo, and at the top right are icons for a shield and 'SWISS MADE'. Below the header, there is a blue shield icon followed by the text: 'The identity of the sender was verified by DeepID. [Learn more](#)'. The main content area has a light gray background with the text: 'AG  (Crystal Herzog) has invited you to sign the document **invoice.pdf** electronically.' Below this text is a blue button labeled 'View document'. Underneath the button is a three-dot menu icon. Further down, the text reads: 'AG (Crystal Herzog) requests your electronic signature. Click on the button above to open the document. After signing, the document cannot be changed anymore.' Below this is a section for 'DeepSign Support' with a user icon, followed by the text: 'For any questions about our product and as central point of contact for support topics.' At the bottom of this section is a blue button with a link icon and the text 'support.deepcloud.swiss'. The footer contains the text: 'DeepCloud AG / Abacus-Platz 1 / 9300 Wittenbach / Switzerland' and 'UID: CHE-187.309.718 / info@deepcloud.swiss / Report issue'.
