

# Based on customer feedback, the display in the DeepO editor has been optimized

The billing address block of the sender or customer is now displayed at the top, making address information more quickly visible and accessible.

The screenshot displays the DeepO editor interface for an invoice. On the left side, a sidebar contains a 'Vendor' section with a red border, showing the following details:

- Vendor:** Bosshard AG
- Address:** Langgasse 13-23, Bern, CH 3003
- Language:** German
- Invoice number:** 250
- Invoice date:** 11.05.2026
- Period:** 11.05.2026
- Delivery date:** 11.05.2026
- Order number:** [blank]
- Customer reference:** [blank]
- Purchase order number:** [blank]
- Due days / date:** 30, 10.06.2026
- Discount 1:** [blank]
- Discount 2:** [blank]

The main area shows a blurred invoice document. At the bottom, a 'VAT summary' table is visible:

Position	Text	Date	Account	Project	CostCenter	CostCenter2	Quantity	Unit	VAT Code	VAT Rate	VAT Amount	Total excl.	Total incl.
										8.1	8.10	100.00	108.10
									VAT	8.1	8.10	100.00	

At the bottom right, the total amount is displayed as **CHF 108.10**. A green status bar at the bottom indicates 'Invoice and position totals do match'.

## Various bug fixes and improvements, such as

- Fixed issue, where pending users could not be given access before joining the organisation
- Deletion of an organisation or the account can be triggered directly from DeepAdmin now.
  - For the account the process can be started in: "My Profile" > "Security Settings" > "Delete my account"
  - For an organisation the process can be started in: "Settings" > "Security & Login" > "Delete organisation"
